DICKY SURACHMAN

I have experience on IT field for more than 10 years, and most recently served as Corporate IT Manager for more than 5 years. I have abilities to develop software in desktop base, web base and mobile application base, also develop IT infrastructure such as Computer Networking, PABx, CCTV, server installation and backup systems. I have experience in implementing ERP, including warehousing system (Exceed, WM, AS400 and SAP B1), plantations (IES Nusantara) and hospitality (REALTA, VHP, Powerpro). I hope with my ability and experiences can help your company to achieve goals.
